When this congress adjourns next March the republicans will have control of the popular branch of congress for two years.

Obituary.

Miss Louisa Adeline Hall, daughter of Peter Hall, of Pine Cienega, died in this city on Sunday, November 25. Miss Hall had been attending the normal school here and was taken sick six weeks ago with typhoid fever. She was boarding at the residence of L. H. Rowlee where she remained during her illness.

About a week before her death she seemed to be in a fair way to recover, but took a relapse and grew rapidly worse until last Saturday when all hope of her recovery was abandoned. Her mother was with her almost all the time during her sickness and every possible care and attention was bestowed on her.

Miss Hall was born in Montague county, Texas, January 31, 1874, and was consequently 20 years 10 months and 25 days old at the time of her death.

She was a young lady of estimable qualities and was held in the highest esteem by all who knew her. She was a universal favorite among the pupils of the normal school where she was making excellent progress in her studies at the time she was taken with fever.

The funeral occurred on Monday afternoon at 2 o'clock from the residence of L. H. Rowlee. The services were conducted by Rev. Cross of the Episcopal church and Prof. Selby, principal of the normal school, and the remains were interred in the Odd Fellows' cemetery.

The normal and public schools were closed for the afternoon as a mark of respect for the deceased and the students of the normal school attended the funeral in a body.

Arrangements have been made by the county commissioners to send the two insane women now confined in the county jail here to the territorial insane asylum at Las Vegas. When these two unfortunates get there Grant county will have five insane persons in this institution. As the county is entitled to but three to be cared for by the territory, the expenses of two of them will have to be paid by the county.

There are now confined in the county jail but twelve prisoners and this number will be reduced this week by the release of some whose terms will expire. It rarely happens that there are so few prisoners in the jail as are now confined there.
